

# Fire Extinguisher Training

**Clean · Safe · Effective · Convenient**

Laser-driven, digital fire extinguisher training brought to your facility - for a realistic fire-fighting experience without the risk or mess

## *Training session includes:*

- *Comprehensive fire extinguisher training video*
- *Power point presentation*
- *Question and answer session*
- *Laser-driven hands-on fire extinguisher training*
- *Certificate of Attendance for all participants*

**OSHA codes require annual fire extinguisher training for all employees**

**OSHA Standard 29 CFR**

1910.157(g)(1)

Where the employer has provided portable fire extinguishers for employee use in the workplace, the employer shall also provide an educational program to familiarize employees with the general principles of fire extinguisher use and the hazards involved with incipient stage fire fighting.

1910.157(g)(2)

The employer shall provide the education required in paragraph (g)(1) of this section upon initial employment and at least annually thereafter.

## **Training Course Topics**

During the video and power point presentation, participants will learn about the following:

- Elements of Fire
- Five Classes of Fire
- Types of Fire Extinguishers
- Choosing the Correct Fire Extinguisher
- The PASS Method
- When NOT to Fight a Fire
- Building Evacuation Procedures
- Fire Extinguisher Inspection

Each participant will then have the opportunity to fight a digital fire using a laser-driven fire extinguisher.

The course also features a question and answer session and a learning exercise.
